It should be noted that a history of illness of the child must be filled up in the medical consent form provided on the Orientation Day of the school for the new admissions. The class teacher, school administration and the school doctor should be regularly notified about any specific ailment the child is suffering from.

If the child is found ill or gets injured in the school, parents/guardians would be contacted by the school office to take their child with them.

2. From Grade 3 onwards, each student is provided a locker and they are issued two keys (one for the parent and one for the child).
3. The keys are given to each student per locker once at the commencement of the session.
4. In the case of loss of the key, the parent is required to bear the cost of the new locker key. They may contact the school administration through SchoolPad or at the school reception in this regard.
5. The student needs to hand over the locker keys to the class teacher at the end of the session, failing which, the parent has to bear the cost of the new locker.
6. The student must submit BOTH the keys to the school. Only a single key shall not be accepted.

Note: From Kindergarten to Grade 2, the student's materials are kept in the cubbies, which remain under the control of the teachers.

13. PROCEDURE FOR LOST AND FOUND ARTICLES & ITEMS IN THE SCHOOL

The procedure for lost and found items has been devised to handle lost and found articles judiciously. By lost property, we mean, any unattended, abandoned, misplaced, or forgotten item - which is found within/inside the premises/boundaries of the school.

13.1 Key Points:

1. Students are encouraged to write/print their names on all personal belongings such as jackets, lunch boxes, digital devices (which are allowed), pencil/pen pouches, compass boxes, water bottles, etc.
2. All lost items will be kept in the "Lost and Found" area.
3. Students may check the Lost and Found area for any missing items. Parents may also check for missing items in the area, but with prior appointment.
4. Any cash or jewellery found will be submitted to the Office of Administration which can be later retrieved by the claimant on providing supporting evidence.
5. Unclaimed items will be handed over to the Office of Administration at the end of every month.
6. School shall not be held responsible or liable for any losses in this regard. Children are expected to take care of their own belongings at all times or keep them in safely the locker.

13.2 Procedure related to Unclaimed Articles:

All lost items received are held for a period of 60 (sixty) days. They are entered into the School's Lost and Found Log with a brief description of the item and the date and location of where it was found. Thereafter, the following procedure is followed for the unclaimed articles:

1. Clothing and books shall be donated to a charitable institution;
2. Miscellaneous items shall be donated or discarded as determined by the Office of Infrastructure.
3. If a member or student of Chitkara International School has lost an item, they are asked to contact the Facilities Department in order to enter their lost article in the School's Lost and Found Log.

14. CURRICULUM OVERVIEW

Chitkara International School is affiliated to Central Board of Secondary Education (C.B.S.E.) and functions keeping in view National Education Policy 2020 (NEP 2020), National Curriculum Framework for Foundational Stage (NCFFS 2022), Sustainable Development Goals (SDGs), National Credit Framework (NCrF), NIPUN Bharat Mission, and SAFAL. The school follows NCERT from Grade 6 onwards and incorporates all the necessary implications given by the Education Board. The school shares the feedback of the same with the parents through Holistic Progress Cards (Assessment Booklets) and other types of online assessments with varying formats and displays.

Further, Career Trajectories also form an integral part of students' learning curve at Chitkara International School. These trajectories are thoughtfully

crafted, considering individual strengths and aspirations, often guided by aptitude tests, and aligned with the SAFAL approach, ensuring a personalised and well-informed approach to students' future paths.

14.1 Curriculum Framework

The curriculum framework includes the teaching, learning, and the assessment framework that includes technology at every level, keeping in mind the needs of this generation of learners. Here, both scholastic and the co-scholastic areas of learning are entailed and factored in at varying levels.

14.2 Homework

Homework in CIS is a significant part of learning and is spread as per varying levels depending on the need of reinforcement at home. Our objective is to keep the homework comprehensive and engaging for the child according to varying levels so that it induces learning with fun. The students are never over-burdened because we cater to different ways when it comes to providing homework.

The process of giving homework starts from **Grade 3** onwards. From **Nestling to Grade 2**, the homework is not compulsory in nature, as per the norms of **Central Board of Secondary Education (CBSE)**. A lot of home assignments are regularly uploaded on SchoolPad for more practice at home.

Our vision, objective and motive of giving homework is shared with parents on the Orientation Day of the school.

15. REPORTING AND ASSESSMENT

In order to keep the parents well informed with the child's performance, reporting serves as a useful medium. Through regular and prompt reporting of the child's performance in every aspect, the parents can track his/her child's productivity in the school. The school provides with multiple ways of feedback through regular PTMs, SPOC (Sole Point of Contact) sessions, chat sessions and orientation sessions with the Core Team, Office of Principal and Vice Principal and Office of Director and Associate Director.

15.1 Conduct of Exams & Rules

Examinations are deemed to be significant tools of learning rather than testing at Chitkara. The school covers various formats of examinations so as to prepare students with a better tomorrow. Stretching from Open Book Revision (OBR) and Revision through Teaching (RTT) to Term Exams, all come under the umbrella of learning through exams at Chitkara. Thus, it is important for the students to appear for the exams as they promote "Assessment for Learning". In the case of any medical emergency, a leave application with other necessary documentations and evidences (if required) should be submitted to the school.

15.2 Feedback

Feedback is an important part of the learning process at Chitkara and the same is shared with parents from time to time through the following:

15.2.1 Chat Sessions (Kindergarten Meetings)

These are done on one-to-one basis and happen frequently along with the entire team.

15.2.2 Parent-Teacher Meeting (PTM)

Formal PTM happens time to time for all the grades.

15.2.3 SPOC Sessions

SPOC is a joint hand holding of the child from both the ends together (i.e., School and Home). Hence, the Home SPOC and School SPOC work together on the child for his/her improvement and hold a joint responsibility in the areas of academics. Parents are requested to nominate a Home SPOC (the person who will coordinate with the school on the academic front). Thereafter, the child will be assigned a school SPOC as a custodian of his/her studies from the school's side.

15.3 Daily Academic Track and Weekly Co-curricular Track

In order to process, coordinate, and monitor daily academics and weekly squad activities being conducted in the school, the school regularly shares Daily Academic Track and Weekly Co-curricular Track with the parents via SchoolPad. The Academic Track is inclusive of lessons being done in the class along with Home Assignments (if any). This practice provides an opportunity to the parents and school to run everything smoothly and efficiently.

15.4 Assessment

The school carefully guides and monitors each and every step taken by its students. In this regard, assessments play an important part. These assessments cover every aspect, from medical to sports and academics. CIS timely shares Online Medical Reports, Bi-Monthly Planner Performances and Discipline Tracks via SchoolPad.

The school shares online medical reports with parents. The Online Medical Reports are provided to the parents after in-depth and proper check-up of the child by our expert and professional doctors. The reports do not cover any one area but include health concerns, observations, and dietary needs (if any). These online medical reports stretch from pediatrics report, to dental report, hearing report, skin report, eye report and growth report along with specific observations with room for improvement.

In the field of sports, the school exercises skill-based assessment. Apart from this, the school also shares Bi-Monthly Planner Performance through Stars and Traffic Lights (Green = Excellent, Yellow = Good, Red = Needs Improvement). The evaluations/assessments are wholly based on the child's performance over the period of specified time.

The Discipline Track gives an overview of the child's behaviour in school, with peers and teachers. In this regard and if need arises, regular counselling sessions are taken up by school counsellors with timely reporting to the parents.

16. CO-CURRICULAR AT SCHOOL

CIS aims at the holistic development of its students. Thus, we not only provide quality education but also offer the most interesting and out-of-the-box activities for students to acknowledge their hidden talents and for us to provide the right exposure and platform to that talent. We lay due emphasis on different activities by encouraging student active participation in various social, athletic and artistic clubs and societies. We guide students to discover and create their own understanding of various concepts.

Break-Free Days (On Working Saturdays - From Grade 1 to Grade 10)

The objective of Break free days is to develop a wide variety of skills in the students. These days are dedicated to Co-curricular Squads (explained under School's Co-curriculars). We have various Squads duly integrated into the curriculum and run simultaneously on every working Saturday for Senior Wing, and on every working Monday (for one period) in Kindergarten. The school gives an opportunity to the students to opt for their choice of squad from grade 1 till grade 10. Activities beyond academics are majorly covered on break-free days. Also, Change the Game sessions (CTGs), school's Academia Industry Interface is conducted on break-free days which help our students to engage into experiential learning.

The school invites resource persons/industry experts from outside, who act as guides/facilitators to these students. Students interact with these people who specially come to deliver expert talks and connect students to the real world outside.
